Kirstin,

If you are interested in getting together when you are in Denver, let me know. We could go over the files you sent and discuss plans for this summer – and get Allen in on that too. Otherwise, we 'll just find time on a phone call to do when you're back in Durango.

I can spend time to clean up the files later if you want. But all the maps are there, scanned from Steve Fearn's collection, San Juan Historical Society, and National Mine Map Repository.

Hey Kirstin,

Yes, I did receive the thumb-drive and I need to get into it to see what I have and can open. So, when I get that done, I will let you know.

As for data to Jim, I will send him some of what I have today.

Hope all is well in your world – are you doing a spring break sometime soon ?
